Newport Daily News.

VOL. XXV--No. 58. NEWPORT, R. I., FRIDAY AFTERNOON, MARCH 10, 1871. Single Copies Three Cents

The Newport Daily News

IS PUBLISHED BY

DAVIS & PITMAN,

No. 13 Church Street.

Terms $6.00 Per Annum.

ADVERTISEMENTS will be inserted for $1.00 a square for the first insertion and 25 cts. for each subsequent insertion. Ten lines or less, Nonpareil type, (like this) make a square.

Transient Advertisements must be paid for in advance.

The privilege of yearly advertisers (of all classes) is limited to their own immediate business, in their own name. It does not include Legal Notices, Auction Sales, Lost and Found, Cards, Wants &c. When contracts for yearly advertising are discontinued before the year expires, the publishers will claim the full rate charged for the advertising done at the transient rates.

Editorial Notices or Articles to be inserted in the reading columns will be charged fifty per cent. extra, reckoned by the space occupied.

No paper discontinued until arrears are paid, unless at the option of the publishers.

L. D. DAVIS. T. T. PITMAN.

DR. J. MILLER'S

SOOTHING AND HEALING

BALSAM.

This valuable preparation has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. It has gained a very wide popularity, and is eagerly sought for wherever its great curative virtues are best known.

It has proved infallible for Burns, Scalds, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Piles, Corns, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or breast, Ear-Ache, Deafness, and Loss of Motion of Limbs, Poisoning, Erysipelas, Inflammation of the Eyes, Inflamed Irritation of the ... For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season it will cure Croup, Hoarseness, Sore Throat, Dry Cough, Asthma, Whooping Cough, Canker in the Mouth, Sore Lips, Inflammation of the Bowels, Dysentery, Kidney Complaint, and Cholera Morbus. The "Balsam" has also given great relief in cases of Diptheria.

No person need fear to use this medicine, as it is PURELY VEGETABLE in its composition. It is soothing and healing in its influence, and may be given to any age or sex with perfect safety.

4 ounce Bottles, 50 cents.

16 ounce Bottles, $1.50.

THE GREATEST INVENTION OF THE AGE

IS THE

COLD WATER

SELF-WASHING

SOAP.

No heating of water before you can commence to wash; no boiling your clothes after they are washed and filling the house with steam; no blueing required to make your clothes look nice and white; no washboard or machine required to remove the dirt and wear out your clothing. This Soap will do the work in one half the time, and do it better in Cold Water than any other Soap, with all the hot water and machines that can be used, and WITHOUT THE SLIGHTEST INJURY TO THE GARMENTS.

For washing Woolens, Prints, and any fabric where other soaps injure the colors, this leaves them clean and bright as new. For cleaning Jewelry, Silver and Plated Ware, Door Knobs, Paint, &c., by merely washing in the suds there is no equal to it.—Try it once, and you will use no other soap. Tell your Grocer that you want the Patent Cold Water Self-Washing Soap, made by R. E. Dwelly, 426 Eddy street, Providence, R. I., whose name will be on every bar and wrapper.

FOR SALE, AT WHOLESALE ONLY,

PROVIDENCE, R. I.

Sole Proprietor of the Patent for the State of Rhode Island. dec16

NEW ADVERTISEMENTS.

WALTHAM WATCHES.

The extensive use of these watches for the last fifteen years by Railway Conductors, Engineers and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 500,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enables them to produce watches at a price which renders competition futile, and those who buy any other watch merely pay from 25 to 50 per cent. more for their watches than is necessary.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watch-making originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's patent pinion as being the best and faultless.

Hardened and tempered hair-springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust proof caps, protecting the movement from dust, and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch is already a decided success, and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above-mentioned improvements which tend to ensure accuracy, cleanliness, durability and convenience, must prove invaluable.

The trademarks of the various styles made by the Company are as follows:

AMERICAN WATCH CO., Waltham, Mass.
AMN. WATCH CO., Waltham, Mass.
AMERICAN WATCH CO., Crescent St., Waltham, Mass.
APPLETON, TRACY & CO., Waltham, Mass.
AMERICAN WATCH CO., Adams St., Waltham, Mass.
WALTHAM WATCH CO., Waltham, Mass.
P. S. BARTLETT, Waltham, Mass.
WM. ELLERY, Waltham, Mass.
HOME WATCH CO., Boston, Mass.

Examine the spelling of these names carefully before buying. Any variation even of a single letter, indicates a counterfeit.

For sale by all leading Jewelers. No watches retailed by the Company.

An illustrated history of watch-making, containing much useful information to watch-wearers sent to any address on application.

Should occasion require you to purchase B. A. FAHNESTOCK'S VERMIFUGE, be particularly careful to see that the initials are *B. A.* This is the article that has been so

Favorably Known Since 1820,

And purchasers must insist on having it if they do not wish to have an imitation forced upon them.

EMPLOYMENT FOR ALL.

$30 SALARY PER WEEK, and expenses, to sell our new and useful discoveries. Address B. SWEET & Co., Marshall, Mich.

☞☞☞☞☞☞☞☞☞☞☞☞☞

TO THE WORKING CLASS.—We are now prepared to furnish all classes with constant employment at home, the whole of the time or for the spare moments. Business new, light, and profitable. Persons of either sex easily earn from 50c. to $5 per evening, and a proportional sum by devoting their whole time to the business. Boys and girls earn nearly as much as men. That all who see this notice may send their address, and test the business, we make this unparalleled offer: To such as are not well satisfied, we will send $1 to pay for the trouble of writing. Full particulars, a valuable sample which will do to commence work on, and a copy of *The People's Literary Companion*—one of the largest and best family newspapers ever published—all sent free by mail. Reader, if you want permanent, profitable work, address E. C. ALLEN & CO., AUGUSTA, MAINE.

PSYCHOMANCY.—Any lady or gentleman can make $1,000 a month, secure their own happiness and independence, by obtaining PSYCHOMANCY, FASCINATION, or SOUL CHARMING. ... This art all can possess, free, by mail, for 25 cents, together with a guide to the unmarried of either sex. ... how to Mesmerize, become Trance or Writing Mediums, Divination, Spiritualism, Alchemy, Philosophy of Omens and Dreams, Brigham Young's Harem, Guide to Marriage, &c., all contained in this book; 100,000 sold; price by mail, in cloth $1.25, paper covers $1. NOTICE.—Any person willing to act as agent will receive a sample copy of the work *free.* As no capital is required, all desirous of genteel employment should send for the book, enclosing 10 cts. for postage, to T. W. EVANS & CO., 41 South 8th St., Philadelphia.

Questions of To-Day.

Extracts from a Lecture, by Wendell Phillips, in Steinway Hall, New York.

NEW YORK POLITICS.

If any one should ask me why I bring to this platform such a grave subject as I shall try to offer to you to-night, when usually evening lectures are regarded as a literary entertainment, I shall answer that I look upon a system of lectures, not as a literary entertainment, but as a great educational instrument, and that in politics we require to be educated. The first time that I ever saw WM. H. SEWARD, he said to me "Go on, travel about, manufacture as much public opinion as you can, and I'll use it up in the Senate." I was to use the platform for the highest purpose, to ripen the questions up for political treatment. My first experience of mob law was in October, 1835, when I was still in the gall of bitterness and bond of iniquity. I was a lawyer. [Laughter.] Seated in my office, I heard a noise, and, rushing out, I saw a man dragged through the streets with a rope around his waist and followed by 3,000 men. At that time I was not an Abolitionist, but I looked on the scene with indignation. The Mayor appeared on the scene, but was powerless to do anything—the angry multitude swept the streets in defiance. I asked the Colonel of a regiment why the Mayor did not call out the regiment and scatter the mob. His answer gave me my first realizing sense of the character of the institutions under which we live. He said to me, "Don't you see that the men who are to handle the muskets are before you?" This showed me that there is no reserved force to which we can appeal when threatened by the mobocracy. The Government consists of the law, as it exists in the multitude. In England it is not so.—When Birmingham was at the mercy of a mob the Iron Duke rode the people down.—He could hold the angriest mob under the law. We have nothing like it here. I stood half a dozen times in this City and saw the law deserted, and its functions in abeyance. It becomes thoughtful men to ask themselves the question, what is the opportunity and the facility that lies in the hands of the demagogues to defy the law? How is it done? How is it that on critical occasions a small body of men can raise up the disorganized elements of the community and defy the law? Intemperance plays a part on this subject, but I look now upon it, not in a moral point of view, but in a citizen's point of view. To accomplish one great end Congress should put an intelligent, sober, self-respected man at the ballot-box. You cannot trust a ballot to a drunken community.

THE RING.

English Toryism points to New York and says: "that's the full growth of independence and universal suffrage." What is New York? It is five hundred men, a little Ring that holds the City like a piece of private property. This Ring governs by means of three thousand tools, every one of whom ought to be hung. [Loud and continued applause.] I mean so, truly; every man of them could be hung if he could be indicted. One of these five hundred says to his dupes: "Go down to the poll and create disorder." The man may probably say, "If I do, I will be sent to Sing Sing." He is then told that the District Attorneys will not prosecute, that the Judges are safe—and if he still refuses he is threatened with a prosecution for what he did yesterday. The man cannot do it by himself; he goes to fifty men more, gets them to a saloon keeper, who is a candidate for an Aldermanship, and the whole thing is there arranged. I don't blame any party for it. It is the the inevitable result of the elements which compose New York. These men have no ideas. They have only one object in view—that the law shall not be executed. The theory of self-government, so far as it has grappled for the government of a great city is a failure. You are safe to walk all night through the Strand in London; but you cannot do it in Broadway.—London streets are safe, because Sir Robert Peel, in forming his police, took a leaf from the despotic Constitutions. Great cities are getting to be the State, the Republican country swells up its Republican majority, but the drunken capital balances it. Intemperance is the cause of much of this; something that must grapple with it is the necessity of the statesman for the next generation. Millions are laid out on schools, but we open those pitfalls of hell, the public drinking places. We lift the people up with one hand and crush them with the other.—The lecturer dwelt on the necessity of doing something to crush out the vice of intemperance, and as a means to that end he recommended the application of the Prohibitory law. He alluded to

THE LABOR QUESTION

as the absorbing question of the next generation. In Europe its aspect is political, here it is social. The existence of a barbarous Power like Prussia in the centre of Europe is an object of danger to civilization, and the name of Bismarck will be loaded with the curses of the next generation. (Cheers.) How can he lay claim to statesmanship if he was the tool of a blasphemous and bigoted King? (Loud applause.) Up to the taking of Sedan, every Prussian was bound to remember the insults of seventy years ago. If, after the taking of Sedan, Bismarck had held out the hand of fellowship to France, he would have created a lasting peace; but now revenge is uppermost in the Frenchman's mind. My opinion of France, with all her Catholicity, is that she has done more for Europe than a dozen Germanies. With her short coming she has done more for popular ideas than any other country in Europe. He predicted that the working men of Europe would fling all dynasties to pieces within the next twenty years. (Cheers.)

In conclusion, the lecturer said he looked upon the advent of women into politics as a great strengthening element.

Marvelous Copy of the Bible.

A few years since was exhibited in New York a most marvelous specimen of hand writing, it being no less than a complete copy of the Holy Bible, on a surface about the size of an ordinary mantel or pier-glass, the words of the same being so ingeniously arranged and grouped as to form the representation of a beautiful temple, while at the same time not a word is omitted, no sentence transposed, and the several chapters follow each other in proper order. At first view the spectator perceives only a well arranged architectural drawing, delicate and exact; but on a close examination, (some parts requiring the use of a magnifying glass) every part of the elevation, each window and doorway, each apparent line and column, cornice and entablature—everything in short, about the picture, excepting, perhaps a slight shading, is resolved into distinct and regular hand writing. This wonderful production was executed by a Polish gentleman by the name of David Davidson, who finished his task after two years and seven months of constant labor and application.

NEWPORT DAILY NEWS.

FRIDAY, March 10, 1871.

Railroads.

Of all the internal improvements that have been made in this country, nothing has kept pace with the railroads. In 1830 there were 45 miles in existence, in 1870 there were above 50,000 miles completed, and some 5000 in process of construction, the whole being built at a cost of more than two billions of dollars.

In 1869, the tonnage of all our railroads exceeded 100,000,000 tons, being more than twenty times as great as in in 1851; and the earnings of the roads from this source amounted to about $300,-000,000, or about fifteen times as much as in 1851. The value of the tonnage transported by railways in 1869 is $10,000,000,-000, which is more than four times as much as the amount of our national debt. The average tonnage per mile of railway was about 2,500 tons. If we assume that the railroads constructed in 1869 are equal to 5,000 miles of line, and in a single year carry only one-half of this average, then the gross amount of their tonnage for one year would be 6,250,000 tons, the estimated value of which would be about $937,500,000. This value would be nearly equal to one-half of our public debt.

These railroads have tapped the whole country, and brought every part of the far West within direct communication with the great Atlantic markets, thereby increasing the value of the new and distant States from 200 to 2000 per cent.

There can be no doubt but what the railroads are the great civilizers of the age. Wherever the iron horse leads the way, emigration and enterprise follow. Cities and towns spring up as if by magic all along the line, and lands that were just before unsaleable at any price, suddenly are in demand at $10, $30, $50 and $100 per acre.

In Europe, railroads are built to meet the existing wants of trade in large towns and cities. Here, the railroad is the pioneer, towns and cities are built for its support, commerce springs up in its rear, and the wheels of improvement are put in motion by creative power.

An Englishman's Compliment to American Authors.

Mr. Mundella, member of Parliament from Sheffield, is giving his "Impressions of America" to large audiences at home.—In his last address he paid a delicate compliment to American authors. He would say that "American authors were now among the best writers in the English language," speaking especially of Prescott, Motley and others. Among the poets were Longfellow, Holmes, Whittier, Bryant and Lowell, five men whom no other country in the same generation could surpass, if indeed, they could match. Never were purer or nobler men than they. He had the honor of knowing some of the greatest literary men in England, and could say that the American authors could compare with them every way. O. W. Holmes was the most brilliant conversationalist it was ever his good fortune to meet. Lowell was one of the most witty and brilliant humorists he ever encountered. Longfellow was the picture of an ancient bard, one of the most glorious old men and one of the finest types of God's creation he had ever made the acquaintance of. [Cheers.] He spoke of W. C. Bryant as at the head of the press in America, and also at length upon Sumner's speech upon the Alabama claims. These addresses were all characterized by hearty kindliness towards us as a people, and it is quite evident that the distinguished gentleman is one of our earnest friends.

Mr. Sumner's Removal.

"There is no man in public life truer to his convictions or braver in their utterance than Charles Sumner. No suspicion, even the faintest, of any interest in a "job" has ever attached to him. He speaks with a sublime imperiousness, which we could wish modified, but to which no man in the nation has a better right. For in greatness of intellect and loftiness of conviction he is the most important man in America. His speeches are thunderstorms, that terribly shock the delicate nerves of political valetudinarians; but thunderstorms clear the air. And we would not have Mr. Sumner speak a whit less frankly than he does."

For speaking thus plainly and opposing what he believes to be unconstitutional means, used by the President to further his ends, he is to be removed from the position he has filled with so much ability during the last twelve years, and this removal is effected by the direct connivance of President Grant. Mr. Sumner is an acknowledged leader in the Republican party,—a man of independence and courage, such as is found in few politicians of the present day. No man living has done more for the interests of his country and the Republican party than he has done, and his disgrace at the present time, will be fraught with evil to that party.

We are glad to see that the respectable portion of Congress do not acquiesce in the decision of the committee, and that the matter will be contested in the open Senate, where such Senators as Wilson, Merrill, Sherman and Trumbull will oppose the turning Senator Sumner from the chairmanship of the Committee on Foreign Relations at the dictate of the President, to make room for a man no more deserving the position than Senator Cameron.

REPUBLICAN.

On Monday last the court room at Meridian, Mississippi, was the scene of a dreadful tragedy. A negro named Loften was being tried for incendiarism before Justice Bromlette of the city court, when another negro named Tyler rose and shot the Justice dead. A melee ensued in which both Tyler and the prisoner Loften were killed, Moore, a colored member of the legislature was shot, it is supposed mortally, and others injured. The next night another incendiary fire occurred in which a church and other buildings were destroyed. The mayor Sturgis, said to be a Connecticut man, was driven out of town with a promise never to return. The citizens have held a meeting and appointed a committee of safety to cooperate with the sheriff in preserving order, and aid has been asked of Governor Alcorn.

Republican State Convention.

In accordance with the call, the delegates assembled in the Representative Hall, Providence, yesterday at 11 o'clock. The Convention was called to order by Major Wm. A. Pirce, of the State Central Committee, and Hon. Jonathan Brayton was elected Chairman, when the credentials of the delegates were called for. A double delegation was presented from Johnston. This called forth considerable discussion, one party claiming that the other was elected by the aid of Democrats, who were present at the caucus in large numbers. It was finally settled amicably, and the convention proceeded to business.

His Excellency, Hon. Seth Padelford, was nominated as the candidate for Governor of this State for the ensuing year, and he was unanimously chosen by acclamation.

Hon. Pardon W. Stevens was chosen as candidate for Lieut. Governor by an informal ballot, and his nomination was made unanimous.

Hon. John R. Bartlett, of Providence, was chosen candidate for Secretary of State.

Hon. Willard Sayles, of Providence, for Attorney General, and Hon. Samuel A. Parker, of this city, for General Treasurer. All the nominations were unanimous.

The State Central Committee was then chosen, of which the members for Newport County are Joseph Osborne, W. A. Stedman and George Manchester.

The Convention then adjourned *sine die.*

A Literary Statesman.

The London *Orchestra* pays the following tribute to a distinguished Hungarian:

Hungary has just lost one of her most remarkable men; eminent, among other departments, in the dramatic literature of his native land. Baron Joseph Eotvos, the Minister of Justice and Instruction, died in Pesth on February 2d. He was born in 1813. He entered the literary career at an early age; for, before he had yet completed his studies, he had published three successful dramas. He was one of the first promoters of that movement against centralization in Austria which, after various fortunes, finally triumphed in the establishment of the dual system of government in the empire some four years ago. He wrote novels, poems, leading articles in the journals of Hungary, besides being a frequent parliamentary speaker. He was a man of very extended culture, gifted with brilliancy of imagination, as well as with much political foresight. His death has caused great and wide spread sorrow in Pesth; his funeral, was, on the proposition of Francis Deak, attended by the Hungarian Reichsrath, and by all the learned and public bodies of Pesth, and the Emperor has sent an autograph letter to the widowed baroness in which he pays the highest tribute to the virtue and genius of the deceased statesman and scholar.

Log Rolling.

Gov. Austin, of Minnesota, has entered a protest against "log rolling" in legislative matters. A bill known as the Land Division bill, a corrupt and unjust measure, was sent to him for his official approval, and he objects that it "has not the free and voluntary consent of a majority of both Houses of the Legislature." True, a majority voted for it, but the majority he asserts, was the result of a combination by which members were induced to vote yea in consideration of support being rendered to measures in which they were individually interested. "Other members," he adds, "have been induced to do the same thing on the promise, or with the understanding, that the measures which were obnoxious to them would be defeated." This bargaining and trafficking the Governor refuses in any manner to sanction. "I can never write the word 'approved' to an act which am fully convinced has been able to secure a majority only by these means."

This is plain common sence, but it savors too much of honesty for this fast age. An honesty which we fear is far in advance of our Governors, or even of our Chief Executive.

At a meeting of the trustees of Dartmouth College last week, Mr. Frank A. Sherman was elected assistant professor of mathematics in the scientific department. Mr. Sherman is a graduate of that department, and is now a teacher in the Free institute at Worcester, Mass. Professor Albert Smith tendered his resignation of the chair of Materia Medica and Therapeutics, and Dr. H. M. Field, of Newton, Mass., was elected in his place. The Rev. Dr. Barstow, of Keene, the oldest member of the Board of Trustees, having been thirty seven years in the body, offered his resignation. His successor will be the sixth new member elected within a little more than a year, all of them alumni of the college. Professor Young has just returned from the astronomical expedition to Spain, having purchased in Europe three thousand dollars' worth of apparatus for the department of natural philosophy. The trustees gave him leave to order a new philosophy. The trustees gave him leave to order a new telescope for the Observatory, at a cost of some twenty-five hundred dollars.

France is very rapidly settling down into an acceptance of the situation. The evacuation by the Germans is not allowed by the authorities to become the occasion of a breach of the peace. We can well believe that General de Paladines is unpopular in Paris. The reds cannot use him for their purposes so easily as they might use some other generals, and this is, of course, precisely the reason why he was appointed. The revolutionary spirit is very strong in Paris, and it is of that unreasoning kind exhibited by the newly-arrived Irish emigrant, who replied to the question, what were his politics?—"Ye have a government, I suppose; well count me against it." But the country at large is too weary of fighting to tolerate the absurdities and the excesses of the Paris reds, and put down a revolutionary movement in short order.

Repeal the Coal Duty.

We trust Congress will not adjourn without repealing the coal duty. In the new House the revenue reformers have strength enough to do this, and in the Senate it can be passed by a large majority.

If Congress would repeal the duty on coal and salt, and the income tax, and pass the apportionment bill, it could go home for the summer and fall with a good conscience.—*N. Y. Post.*

About Home.

The *Bristol* will be ready to take her place on the route, about the 15th of April.

The Redwood Band will not appear in uniform on the 17th of March.

Our old friend the fog paid us a visit yesterday afternoon.

"No more door steps running out upon the sidewalks, from new houses" is the order from the powers that be.

Although these door step nuisances have existed from time immemorial we never have heard of any serious accidents happening from their protrusion upon the sidewalks.

Rev. Dr. Thayer, pastor of the United Congregational church, is the oldest Congregationist preacher but one in Rhode Island, having been ordained in 1837.

These March winds are rapidly doing away with the mud.

In a race which took place yesterday between a horse, attached to a sewing machine wagon, and a policeman, the policeman won.

HISTORICAL.—It is proposed to publish in pamphlet form, the address of Rev. Samuel Adlam, recently delivered before the Newport Historical Society. A good idea.

ACCIDENT.—Mr. Stephen S. Wood, a painter, while engaged in painting a house on Kay street, fell from the ladder, and received some slight injuries, a few days since.

SUMMER COMING.—One of the signs of coming summer, is the daily arrival of large flocks of wild geese, which are constantly dotting the sky.

PERSONAL.—Mr. Wm. Matthewson, who was injured by being caught in the turn of a hawser, on the steamer *Bristol*, last week, has recovered so as to be able to resume his work.

REMOVAL.—A. W. Luther, having leased the store No. 93 Thames, is having it thoroughly refitted preparatory to his removal thereto.

MARINE.—Schooner *Elizabeth B*, Capt. Frank Hogan, of this place, and schooner *Thomas P. Cooper*, Capt. Sleeper, are both getting ready for sea. These vessels have been laid up the past winter.

NEW FIRM.—Mr. Clarke H. Burdick, and Mr. Thomas Powers, have formed a co-partnership, and will carry on their business at the old stand on Thames street. They have just enlarged their store, and intend keeping a first-class salesroom in connection with their manufactory.

NEW MUSIC.—We understand that the Redwood Band have dedicated a new piece of music to Col. Wm. K. Delaney. As they participate in the ceremonies of St. Patrick's Day, they will probably discourse this piece, as well as other fine music on that occasion.

SALE OF STOCK.—At the auction sale which took place at the Vaucluse farm on Tuesday, twenty-eight fine cows were sold at an average of fifty dollars per head: four oxen and eight three year old heifers, in proportion; eight three year old steers at only twenty-six dollars per head, and other stock at the same rate. The whole sales averaging from 15 to 30 per cent. less than last spring prices.

WICKFORD RAILROAD.—This enterprise is once more under way, and this time there is a prospect of its completion. The work has been contracted to responsible parties and it is to be completed by the first of May.

A depot 40x20 feet, with a walk running down to the wharf, a car house 100x25 feet and an engine house 63x42 feet, are to be built at the Landing. A depot is to be built at Wickford Station 60x20 feet, and another at Belleville 50x20 feet. Cranston & Burdick are the builders.

THE HARBOR LINE.—The City Council had a special meeting last evening to take action in regard to the proposed Harbor line. After considerable discussion it was voted to appoint three commissioners who shall survey and locate said line and report to the council for confirmation. Thomas Record, Charles E. Hammett Jr. and George Burdick were selected as such commissioners.

No other business of importance was transacted, further than listening to a speech from F. W. Sprague who was allowed to enlighten the minds of the councilmen on various matters of interest to himself, if not to the public.

Widening Thames street.

MESSRS. EDITORS.—You asked in your local column the other day, "what has become of the matter of widening Thames Street?" I suppose it is progressing as fast as can be expected, in a community like this. I notice the Committee of the General Assembly have reported an enabling act for such purposes, for Newport, and when that has passed, our City Council will no doubt take the proper steps to promote the object.

The idea of moving and fitting up some 50 buildings has aroused a deal of speculation as to the time required. Some have thought it may be done in one year, others a longer time. The time has been, when it would take a life time, but raising up and moving buildings, has become a trade—a science. I notice in the Boston *Journal*, proposals for raising up, moving back, and underpinning eighty odd brick buildings and twelve frame buildings in the Suffolk St. District—all to be completed within sixty days from the time of beginning. Surely Messrs. Editors some appliances different from the old heavy timbered plan, has been invented to enable such a job to be accomplished in so short a time, and brick blocks at that! May it not encourage us to believe that our small hight buildings on Thames St., can be made an easy job and a short one.

NEWPORT.

Ten mills of the largest class are projected to increase the manufacturing importance of Fall River, and thousands of fresh operatives will soon be added to her population.

Items.

The Gaul of bitterness—France.

A French "milliard" is a thousand million.

The United States now has over one hundred female lecturers.

A Prussian thaler is equal to 72 cents American coin.

Philadelphia had twenty one violent deaths in February.

Augusta, Ga., is building one of the finest orphan asylums in the country.

An Irish editor congratulates himself that "half the lies told about him ain't true."

A Dr. Marshall delivered a lecture in Boston on Sunday night to prove that St. Paul was not a Protestant.

The marriage of Miss Nettie Chase to Mr. Hoyt is announced in Washington for the 23d instant.

The Atlantic Telegraph says in No. 1: "We print 1,000 copies of this number of the Telegraph, and have but two subscribers. But, thanks be to the men themselves, those two paid in advance."

The young Queen of Greece has the reputation of being one of the best dressed women in Europe.

A misanthrope said, "Don't believe half what people tell you." "Very well," said another, "but which half?"

The Des Moines (Iowa) Register publishes its notices of democratic ward meetings under the head of "Amusements," but not a free fight is reported.

"My dear," said John, on observing new striped hose on his only heir, "why have you made barber's poles of Ernest's legs?" "Because he's a little shaver," was the reply.

Some New York capitalists have bought type and presses preparatory to starting an evening newspaper in St. Louis, that city having at the present time but one English paper published in the afternoon.

The Detroit Free Press says that Susan B. Anthony went sleigh riding while on a recent visit to the west, and ungallantly adds: "She says she used to be fond of such sport eighty or ninety years ago."

An excellent old deacon, who, having won an old turkey at a charity raffle, did not like to tell his severe orthodox wife how he came by it, quietly remarked, as he handed her the fowl, that the Shakers gave it to him.

The Massachusetts Legislature has refused by a vote of 17 to 9, to incorporate the Boston Base Ball Association, deeming the national game ridiculous and cruel, and unworthy the recognition of so dignified a body.

The only American artist of note immured in Paris during the seige was Edward H. May, who has long been a resident of that city, and, as a pupil of Thomas Couture, has adopted and successfully practiced the French manner of painting.

At a spiritual circle in a Maine town a young woman called for the spirit of her dead lover. He answered, and demanded that she should marry him then and there. The ceremony was performed, his friends consenting, and now the spiritual wife claims the dead man's property.

A young woman from the East, the wife of an army officer on the frontier, became much interested in a noble savage until he stole all her jewelry, got beastly drunk with the proceeds and was found half buried in the mud one morning in front of the fort. She has since ceased to regard the red man romantically.

George Francis Train has elevated the innocents of Waltham, Mass., to the seventh heaven by promising them that in 1872, "when he is President," Waltham will be the banner town of the nation, its population shall be increased to one hundred thousand and its river lined with manufactories

Mr. B. P. Shillaber, for many years connected with the newspapers in Boston, and the author of the original 'Mrs. Partington,' has prepared several lectures, which he proposes to deliver throughout the country next winter.

The Prussian War Office has adopted a new mode of rewarding military merit. Instead of showering orders and clasps upon the troops as hitherto, gallant deeds will be henceforth noticed in the Gazette, every man who has distinguished himself being awarded a short paragraph commemorative of his conduct.

It is understood that no attempt will be made to remove Senators Sumner, Patterson and Schurz from their positions on the foreign relations committee. Also, that the two first named gentlemen are preparing elaborate speech.

Suits arising out of the famous defalcation of E. B. Ketchum, a few years ago, have lately been brought against Charles J. Ketchum, formerly of the old firm of Morris Ketchum, Son & Co., of New York, for the recovery of a large amount of money.

Letters to Napoleon.

The secret papers of the Second Empire have been remorselessly exhumed by the late Republican custodians of the Tuileries. Among the latest batch published there are some sufficiently curious acknowledgements of gift copies of the Emperor's "Life of Caesar." How curious, in the light of recent events, does a sentence like this sound, indited by Prince William of Baden! "Will your Majesty deign to permit me to preserve your book as a pledge of the sentiments of benevolence towards all mankind which it inculcates, as well as a proof of the affection which it causes him to enjoy who is proud of the honor of styling himself your most humble and obedient servant." Or this from Prince Charles, of Hohenzollern: "I pray your Majesty to accept the very feeble expression of the profound and lively gratitude with which I receive this souvenir of friendship, together with the assurance of all the assurance of all the sentiments of respect and attachment—which I also express on behalf of all my family—with which I shall never cease to respond to it." These were written five years ago; but the world moves swiftly in these days.

A Year's Troubles.

Sometimes I compare the troubles we have to undergo in the course of a year to a great bundle of fagots, far too large for us to lift. But God does not require us to carry the whole at once. He mercifully unties the bundle, and gives us first one stick, which we are able to carry to-day; and then another, which we are able to carry to-morrow, and so on. This we might easily manage, if we would only take the burden appointed for each day; but we choose to increase our trouble by carrying yesterday's stick over again to-day, and adding to-morrow's burden to our load before we are required to bear it.—*John Newton.*

Despatches.

There are heavy rains in Oregon.

Bret Harte is at the Fifth Avenue Hotel.

The Louisiana State fair has been postponed until November.

The Orange and New York railroad bill was killed in the New Jersey house.

The steamer *Vanderbilt*, from New York arrived at Albany yesterday afternoon, having met no ice.

An explosion has occurred in the works at Le Creuxot, France, by which eight persons were killed.

Venezuela advices state that Guzman rules the entire republic. He is making efforts to abolish smuggling.

Colonel Whiteley's officers at New York yesterday seized 400 gallons of smuggled brandy at a marine store, Brooklyn.

The republicans in Congress were much gratified yesterday by the probable reelection of Senator McDonald of Arkansas.

The American Hotel and adjoining buildings in Santa Barbara, Cal., were burned on Wednesday by an incendiary fire.

A bill passed in the New York senate yesterday morning repealing the act authorizing the extension of Madison avenue, New York city.

A Washington despatch states that it has been settled that the President will send no message to Congress on southern affairs, as reported.

The Masonic Temple association at Cleveland has purchased the site for their building on the corner of Superior and Bond streets, for $40,000.

Here are the two latest fish stories: On the 25 ultimo, as Mr. H. Fletcher, of London, N. H., was cutting through the ice of Clough's pond, for piscatory purposes, he accidentally "let go" his axe into twelve feet of water. A shiner bitched to one of his hooks was sent after it. Imagine his surprise when, half an hour after, he drew out his axe with the line very ingeniously looped around the handle. The shiner was let down a second time when it "made fast" in the nether jaw of a 3½ pound pickerel, which was likewise secured by one of the fisherman. That is story No. 1. The second comes from a St. Alban's paper, and is to the effect that "Mr. Kingman caught a trout through the ice on the Upper Saranac a few days ago that weighed eighteen pounds and was three feet and an inch long. As he attempted to secure him he found the hole in the ice too small, when he fastened one hand into his mouth and gills, while with an ice chisel he enlarged it and secured his prize at the cost of a lacerated hand.

Like the little boy's nose that wouldn't stay blowed, two out of twenty eight Rhode Islanders won't stay married, and the disagreeing fact is announced that 162 divorces were granted in the microscopic State during the year of grace 1870. To remedy this evil ordinary mortals would look to a modification of the laws concerning divorce; but Rhode Island goes to the root of the matter and proposes to render marriage more difficult; arguing very justly that matrimony could be altogether prevented few people would be inclined to apply for divorce.—*World.*

Of course we in Rhode Island want to be up with the times. If we could not have a divorce once in a while we should be entirely out of the fashion.

Longer and Better—the wearing of boots and shoes made with the CABLE SCREW WIRE, than any other class of goods. Many heavy firms deal exclusively in them, and all first-class retailers have them. Comfortable, economical and durable, they need only a trial.

To Employes of Railroads and Steamboats.—In case of any accident to which you are especially liable, such as the Mangling of Flesh, Sprains, Broken Bones, Burned, &c., use DAMIONE'S LOTION faithfully as recommended, and you will find it saves much suffering, money and time. For sale by Druggists generally. m9

An Insalubrious Season.

Spring is welcome, but not its diseases. We should be glad to have its bloom without its fogs, its vapors, its sudden changes of temperature, and the agues, fits of indigestion, bilious attacks, and other harrassing disorders which they engender.—As this cannot be, it behooves all sensible people to do the best they can to escape such serious drawbacks on the poetry of the season. Ask any physician what the weak and delicate ought to do when miasma infects the air. The answer will be, "tone and regulate the system." But how? That is the important question. A dozen medical men would probably recommend as many different medicines.—On the other hand, the thousands who have tested the virtues of Hostetter's Stomach Bitters as an invigorant and alterative, will recommend but one, the wholesome preventive and restorative in which their own experience has taught them to trust. A course of this rare vegetable stimulant, commenced now, would save many a pang to the feeble and debilitated. It would be wise economy too, for it would probably preclude the necessity for medical advice. Without disparagement to a profession which all intelligent men and women respect and honor, it is just as well, if possible, to keep out of the doctors' hands, and they would have comparatively few cases of fever and ague, dyspepsia, biliousness, nervousness, and general debility to attend to, if this agreeable and healthful specific were in universal use.

THOMPSON'S POMADE OPTIME, as a dressing for the Hair is all that is required: purely vegetable and highly perfumed. It softens, improves and beautifies the Hair, strengthens the roots, and gives it a rich, glossy appearance. For sale by all druggists. Price 35 and 75 cents, per bottle.

CHINESE TOOTH ACHE DROPS, put up by F. C. Wells & Co. This article has been used for many ages by the Chinese as an infallible and almost instantaneous cure for this most painful affliction.—For sale by all druggists. Price 25 cts. per bottle.

BUTLER'S BALSAMIC MIXTURE OF CUBEBS AND COPAIBA.—This favorite, well-known and reliable remedy for the speedy cure of "*the complaint*," is for sale by all druggists. Price $1 per bottle.

SHERMAN'S COUGH AND WORM LOZENGES, SHERMAN'S POOR MAN'S PLASTERS AND ORRIS TOOTH PASTE are still to be obtained from any druggist, prepared from the original receipts, and sold at the old prices. feb11-n&j

☞ Don't think because snuffs and strong or poisonous solutions will not cure Catarrh, that you cannot be cured. The proprietor of Dr. Sage's Catarrh Remedy offers $500 reward for a case of Catarrh which he cannot cure. It costs but fifty cents for a package which prepares one full pint. Sold by druggists, or send sixty cents to Dr. R. V. Pierce 133 Seneca street, Buffalo, N. Y., and get it through the mail. A pamphlet free. The Genuine has Dr. Pierce's private U. S. Government Stamp on each package.

Fresh Garden, Flower, Fruit, Herb, Tree & Shrub, and Evergreen Seeds, prepaid by mail, with directions for culture. Twenty-five different packets of either class for $1.00. The six classes $5.00.

20,000 lbs. Evergreen and Tree Seeds; Apple, Pear Cherry, &c.; Grass Seeds; Beet, Cabbage, Carrot Onion, Squash, Turnip, and all Vegetable and Flower seeds, in small or large quantities; also Small Fruits, Stocks, Bulbs, Shrubs, Roses, Verbenas, &c., by mail, prepaid. New Golden Banded Japan Lily, 50c. Priced Descriptive Catalogue sent to any plain address, gratis. Agents wanted. Wholesale List to Agents, Clubs and the Trade. Seeds on commission.

An Old Custom, but a Sensible One!

In former years the heads of the household would call up and administer to every member some favorite medicine and tonic, to prevent the diseases that follow the change from the cold winter to the gentle spring. That custom ought to have been handed down from generation to generation, and we now advise its continuance, by the use, as the spring opens, of Schenck's celebrated remedies. His Pills, Purifier and Bitters will prepare the system for the change.

THE RAPID AND UNIVERSAL POPULARITY OF COLGATE & CO'S TOILET SOAPS, is simply due to their excellence. They are conscientiously made of the best and purest materials, and are always what they pretend to be. Ladies are so often cheated in purchasing, that when they find one thing they can rely upon they stick to it.

☞ We print the advertisement of the American Watch Co. in another column. In addition to the large assortment of watches made by this Company, they desire to call special attention to the Watch for railway engineers, conducters and expressmen.—Also their Boys' Watch, which is now first placed on the market, and to which they desire to call the attention of *Young America.*

SPECIAL NOTICES.

DR. SCHENCK ADVISES CONSUMPTIVES TO GO TO FLORIDA IN WINTER.

HAVING for the last thirty-five years devoted my whole time and attention to the study of lung diseases and consumption, I feel that I understand fully the course that ought to be pursued to restore a tolerably bad case of diseased lungs to healthy soundness. The first and most important step is, for the patient to avoid taking cold; and the best of all places on this continent for this purpose, in winter, is Florida, well down in the State, where the temperature is regular, and not subject to such variations as in more northern latitudes. Palatka is a point I can recommend. A good hotel is kept there by Peterman. Last winter I saw several persons there whose lungs had been badly diseased, but who, under the healing influence of the climate and my medicines, were getting well.

One hundred miles farther down the river is a point which I would prefer to Palatka, as the temperature is more even, and the air dry and bracing. Mellonville and Enterprise are located there. I should give a decided preference to Mellonville; it is two miles from river or lake, and it seems almost impossible to take cold there. The tables in Florida might be better, and patients complain at times; but that is a good sign, as it indicates a return of appetite; and, when this is the case, they generally increase in flesh, and then the lungs must heal.

Jacksonville, Hibernia, Green Cove, and many other places in various parts of Florida, can be safely recommended to consumptives in winter. My reasons for saying so are, that patients are less liable to take cold there than where there is a less even temperature; and it is not necessary to say, that, where a consumptive person exposes himself to frequent colds, he is certain to die shortly: therefore my advice is, go well down into the State, out of the reach of prevailing east winds and fogs. Jacksonville, or almost any other of the localities I have named, will benefit those who are troubled with a torpid liver, a disordered stomach, deranged bowels, sore throat, or cough; but, for those whose lungs are diseased, a more southern point is earnestly recommended.

For fifteen years prior to 1869, I was professionally in New York, Boston, Baltimore, and Philadelphia every week, where I saw and examined on an average five hundred patients a week. A practice so extensive, embracing every possible phase of lung disease, has enabled me to understand the disease fully; and hence my caution in regard to taking cold. A person may take vast quantities of "Schenck's Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills," and yet die if he does not avoid taking cold.

In Florida, nearly everybody is using Schenck's Mandrake Pills; for the climate is more likely to produce bilious habits than more northern latitudes. It is a well-established fact, that natives of Florida rarely die of consumption, especially those of the southern part. On the other hand, in New England, one-third at least of the population die of this terrible disease. In the Middle States it does not prevail so largely; still there are many thousands of cases there. What a vast percentage of life would be saved if consumptives were as easily alarmed in regard to taking fresh colds as they are about scarlet fever, small-pox, &c.! but they are not: they take what they term a little cold, which they are credulous enough to believe will wear off in a few days. They pay no attention to it, and hence it lays the foundation for another and another still, until the lungs are diseased beyond all hope of cure.

My advice to persons whose lungs are affected, even slightly, is to lay in a stock of Schenck's Pulmonic Syrup, Schenck's Seaweed Tonic, and Schenck's Mandrake Pills, and go to Florida. I recommend these particular medicines, because I am thoroughly acquainted with their action. I know, that, where they are used in strict accordance with my directions, they will do the work that is required. This accomplished, nature will do the rest. The physician who prescribes for cold, cough, or night sweats, and then advises the patient to walk or ride out every day, will be sure to have a corpse on his hands before long.

My plan is, to give my three medicines in accordance with the printed directions, except in some cases where a freer use of the Mandrake Pills is necessary. My object is, to give tone to the stomach,—to get up a good appetite. It is always a good sign when a patient begins to grow hungry: I have hopes of such. With a relish for food, and the gratification of that relish, comes good blood, and with it more flesh, which is closely followed by a healing of the lungs,—then the cough loosens and abates, the creeping chills and clammy night sweats no longer prostrate and annoy, and the patient gets well, provided he avoids taking cold.

Now, there are many consumptives who have not the means to go to Florida. The question may be asked, Is there no hope for such? Certainly there is. My advice to such is, and ever has been, to stay in a warm room during the winter, with a temperature of about seventy degrees, which should be kept regularly at that point by means of a thermometer. Let such a patient take his exercise within the limits of the room by walking up and down as much as his strength will permit, in order to keep up a healthy circulation of the blood. I have cured thousands by this system, and can do so again. Consumption is as easily cured as any other disease, if it is taken in time, and the proper kind of treatment is pursued. The fact stands undisputed on record, that Schenck's Pulmonic Syrup, Mandrake Pills, and Seaweed Tonic have cured very many of what seemed to be hopeless cases of consumption. Go where you will, you will be almost certain to find some poor consumptive who has been rescued from the very jaws of death by their use.

So far as the Mandrake Pills are concerned, everybody should keep a supply of them on hand. They act on the liver better than calomel, and leave none of its hurtful effects behind. In fact, they are excellent in all cases where a purgative medicine is required. If you have partaken too freely of fruit, and diarrhœa ensues, a dose of the Mandrakes will cure you. If you are subject to sick headache, take a dose of the Mandrakes, and they will relieve you in two hours. If you would obviate the effect of a change of water, or the too free indulgence in fruit, take one of the Mandrakes every night, and you may then drink water, and eat water-melons, pears, apples, plums, peaches, or corn, without the risk of being made sick by them. They will protect those who live in damp situations against chills and fevers. Try them. They are perfectly harmless. They can do you good only.

I have abandoned my professional visits to Boston and New York, but continue to see patients at my office No 15 North Sixth street, Philadelphia, every Saturday, from 9, A.M., to 2, P.M. Those who wish a thorough examination with the Respirometer will be charged five dollars. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not. But I desire it distinctly understood, that the value of my medicines depends entirely upon their being taken strictly according to directions.

In conclusion, I will say, that when persons take my medicines, and their systems are brought into a healthy condition thereby, they are not so liable to take cold; yet no one with diseased lungs can bear a sudden change of atmosphere without the liability of greater or less irritation of the bronchial tubes.

Full directions in all languages accompany my medicines, so explicit and clear that any one can use them without consulting me, and can be bought from any druggist.

TELEGRAMS.

From Europe.

The Duke of Montpensier Refuses to Support Amadeus.

A Reported Secret Treaty.

LONDON, March 9.

The Times of to-day has a letter from Madrid, which announces that the Spanish government has ordered the Duke of Montpensier to proceed to the island of Minorca because he refuses to take the military oath to support King Amadeus.

LONDON, March 9.

The Morning Post affirms that a secret treaty between Russia and Prussia was concluded about the time of the outbreak of the war, and says the following were among its provisions:

Russia was to intervene between the belligerents in case the French were successful, and should menace Poland.

In the event that an Austrian army should demonstrate upon the Prussian frontier, Russia was to checkmate it by a demonstration upon the Austrian frontier; and in case any European power should combine with France, Russia was to join Prussia.

FRANCE.

A SLIGHT DISTURBANCE IN PARIS.

WHERE THE FRENCH ASSEMBLY WILL MEET.

LONDON, March 9.

Odo Russell returned to London yesterday from Versailles, and will attend a special meeting of the Cabinet to-morrow.

A disturbance occurred on Wednesday among some battalions of Paris Mobile Guards, but was quelled without serious consequences.

A transport fleet is going to the Elbe to convey ninety thousand released prisoners home to France.

It has been finally settled that the French Assembly will meet at Versailles.

BORDEAUX, March 8.

A committee of the National Assembly has decided to recommend the transfer of the Assembly to Fontainebleau. It is stated that M. Thiers supports this choice of a place of meeting, and it is expected that the Assembly will ratify the report of the committee when it is presented for discussion and action. A large number of the deputies will, however, support an amendment providing for the removal of the Assembly to Versailles.

TELEGRAMS.

FROM WASHINGTON.

THE FOREIGN RELATIONS COMMITTEE.

Mr. Sumner Removed by the Senatorial Caucus.

WASHINGTON, March 9—1 P. M.

General Butler called upon the President today, at the request of several members of the Massachusetts delegation, to ascertain whether it could not be arranged so as to retain Senator Sumner on the Committee of Foreign Relations.

The President said that personally he had no objections, but in view of the fact that important foreign questions were to be considered, it was necessary that the Secretary of State and himself should have some one at the head of the Foreign Relations Committee who would speak with them.

The impression left upon Butler's mind was that the President is anxious for the removal of Sumner from the committee.

The Republican Senators held a caucus this morning for the purpose of hearing the report of the committee appointed to revise the list of the Senate committees. Senator Sumner was in the caucus when the committee submitted their report.

The first committee on the list was that of Foreign Relations, and Senator Cameron was placed at the head of it.

Mr. Sumner made a few remarks, protesting against his removal from the chairmanship of his old committee, and then took his hat and left the caucus. An angry discussion of an hour followed.

Senators Wilson and Schurz made speeches against the removal of Sumner, and Senator Howe defended the action of the committee in placing Cameron at the head of the Foreign Relations Committee.

Mr. Howe gave the same reasons for the removal of Sumner as were given by the President to Gen. Butler.

Mr. Trumbull complained about the formation of the Judiciary Committee. A motion was made to reconsider the report to the committee, to report again.

No definite action was taken in the case of Sumner, and the caucus adjourned, to meet again at one o'clock.

It was evident in the caucus that a majority of those present are opposed to the removal of Sumner.

The matter makes great excitement at the capital among Senators and members, and in diplomatic circles.

It is inferred that the President has abandoned the intention of asking for further legislation in regard to the Southern States, but will send troops to protect the loyal men and put down the Kuklux.

The organization of the Southern Railway Company will be completed and operations commenced within 30 days. The character, ability and wealth of the men engaged in this enterprise are guarantees of a speedy and successful completion. The President of the road is Marshall O. Roberts of New York, a well known financier and capitalist.

NEW YORK.

THE NATHAN MURDER.

DISCOVERY OF THE MURDERER.

The Way in which the Criminal was Identified.

March 9.

The Superintendent of Police last evening called the members of the press together at head quarters and announced that he had discovered the man who committed the Nathan murder in July last. His name is Billy Forrester, alias Billy Marshal, alias Billy or Frank Campbell, alias Frank Livingstone, alias Frank Howard. The Superintendent was led to the revelation owing to some person in whom he confided having dilated at what was being done by the Superintendent, and he thought it better to make the facts known and thus secure the arrest of Forrester, who is hiding immediately.

It will be remembered that Nathan was killed by being struck with an "iron dog," and by this instrument succeeded in bringing the murder home to Forrester.

In August 1869, the residence of Mr. Schenck, in Fifth Avenue, was robbed, and the "dog" with which Nathan was murdered carried away, by burglars. Mr. Schenck and Sons have identified the "dog" which was found in the streets by the servant at the time, and used by him to open wine cases. This fact led the detectives to believe that the same man who robbed Schenck's residence killed Nathan. They have, by diligent search and cunning, discovered three of the men who were engaged in robbing Schenck's house. Forrester was one of them; and hearing of the arrest, his pals hastened from the city, and are now hiding from the police.

From the men arrested, the Superintendent says he has obtained decisive proof that Forrester committed the murder, and that he has all evidence to convict him.

Yesterday a circular was issued by Superintendent Kelso to every police department throughout the States, containing the photograph of Forrester, a minute description of him, and an offer of $2500 for his arrest.

It is believed here that Forrester, the alleged murderer of Mr. Nathan, will soon be overhauled. He has been at war with the law from his boyhood, and is loaded with innumerable crimes. He has been an inmate of many jails, only to slip from them with a facility that proved his dexterity in eluding the punishment due his acts. When he committed the Nathan murder he was an escaped convict from the Illinois prison at Joliet, owing thirteen years' service, and since that crime he has committed another which is almost its exact parallel in every respect, except that the brutal assault did not end in death.

The Empress Augusta has addressed a communication to the German ladies of New York and Brooklyn, acknowledging their patriotic efforts in raising funds for the relief of the victims of the war. The letter is in the hands of a photographer to prepare copies.

SENATOR SUMNER'S FRIENDS DEFEATED IN THE SENATORIAL CAUCUS.

WASHINGTON, March 9.

The debate in the republican Senatorial caucus, on the proposal to remove Mr. Sumner from the chairmanship of the committee on foreign relations, was hot and excited on both sides. The debate continued, and was finally closed by the caucus sustaining the proposition of the committee contained in their report for displacing Mr. Sumner. A vote was taken on the matter, which resulted in a majority of four in favor of removal. It is understood, however, that Mr. Sumner will still have a place on the committee. Up to the very latest, the friends of Senator Sumner entertained the hope that the caucus would decide in his favor.

PUMPS,

Belts, Keys and Skates.

Friends, to JOHN G. WEAVER, Jr's go,
And there you'll find if you do not know,
Pumps, both Copper, Iron, Lift and Force,
And all for a very little cost,
We also have a Pump that will not freeze,
You raise the handle—water comes with ease,
Belts, have we, and ones that fit true,
And to your door your servant is,
Keys, we have too, without number—
Well all them too without a blunder;
Skates we sharpen so you need not fall,
This pleases the children both great and small.
And now kind friends don't forget the place
For the BIG KEY is looking you in the face.

LEGAL NOTICES.

NOTICE.

WHEREAS, default has been made in the payment of the interest on certain bonds issued by the Newport and Wickford Railroad and Steamboat Company, under a mortgage executed by said Company on 1st May, 1859, to Henry Ledyard, Edward King and John T. Bush, trustees, to secure the payment of said bonds, which mortgage is recorded in the offices of the clerks of the city of Newport and town of North Kingstown, in the State of Rhode Island, and by the terms of said mortgage all said bonds having become due and payable, and whereas it is stipulated therein that the said trustees shall, on the written request of a majority of the holders of said bonds, cause the franchises and all the corporate property of said corporation described in said mortgage, to be sold at public auction, at Newport, in the State of Rhode Island, after thirty days' notice of the time, place and terms of sale; and whereas, said trustees have been duly requested, in writing, by a majority of said bondholders, to sell the property described in said mortgage according to the conditions contained therein. Now, therefore, the undersigned trustees, as aforesaid, hereby give notice that they will sell all the franchises and corporate property of said Newport and Wickford Railroad and Steamboat Company, as described in said mortgage, at Public Auction, at the City Hall of the City of Newport, in the State of Rhode Island, between the hours of eleven A. M. and one P. M., on TUESDAY, March 7th, 1871. The sale to be to the highest bidder for cash.

Newport, 30th January, 1871.

(Signed.) HENRY LEDYARD, EDWARD KING, JOHN T. BUSH, } Trustees.

fe14-tf

☞ The above Sale is postponed until SATURDAY, March 18th, 1871, at the same time and place.

HENRY LEDYARD, EDWARD KING, JOHN T. BUSH, } Trustees.

Newport, March 6, 1871.

At a Special Court of Probate of the City of Newport, holden Tuesday, Feb. 21st, 1871.

UPON the petition in writing, to this Court, of HENRY S. FEARING, OF ROE R. FEARING and FREDERICK SHELDON, Executors of the last Will and Testament of DANIEL B. FEARING, late of the City, County and State of New York, deceased; by Wm. P. Sheffield, Attorney, presenting therewith an exemplified copy of the said last Will and Testament of said, and Daniel B. Fearing and of the Probate thereof, as the same appears of record in the office of the Surrogate's Court, in and city of New York under the seal of said Court, and representing to this Court, that there is real estate named in the said will, which passes thereunder, situate in the City and County of Newport in the State of Rhode Island, and praying that the said Will and Probate may be filed and recorded in the registry of the Court of Probate of Newport, according to law, and that letters testamentary thereon be issued to them as Executors thereof in Rhode Island.

The same is read and received, and the Court assigns Thursday the 9th day of March next, at 9 o'clock, P. M., at the Probate Office in the City Hall, in Newport, as the time and the place for hearing the same and directs that notice thereof be published for fourteen days, once a week, in the Newport Daily News, to the end that any persons may appear and show cause, if any, against the filing and recording the same.

BENJAMIN B. HOWLAND,
Probate Clerk.

feb18-tf

NEWPORT DAILY NEWS.

Mark Twain on Ben Franklin.

What an adroit old adventurer the subject of this memoir! In order to get a chance to fly his kite on Sunday, he used to hang his key on the string and let on to be fishing for lightning. He invented a stove that would smoke your head off in four hours by the clock. One can see the almost devilish satisfaction he took in it by giving it his name.

He was always proud of telling how he entered Philadelphia for the first time, with nothing in the world but two shillings in his pocket and four rolls of bread under his arm. But really, when you come to examine it critically, it was nothing. Anybody could have done it. Franklin said in one of his inspired flights of malignity;

"Early to bed and early to rise,
Makes a man healthy, wealthy and wise."

As if it were any object to a boy to be healthy, wealthy and wise on any such terms. The sorrow that maxim has cost me through my parents experimenting on me with it, tongue cannot tell. The legitimate result is my present state of general debility, indigence, and mental abberation. My parents used to have me up before nine o'clock in the morning sometimes, when I was a boy. If they had let me take my natural rest, where would I have been now? Keeping store, no doubt, and respected by all.

Too Much Time.

Out in Chester county, North Carolina, recently, a clock peddler was tramping along, hot, dusty, and tired, when he came to a meeting house wherein sundry Friends were engaged in silent devotion. The peripatetic tradesman thought he would walk in and rest. He took a seat upon a bench, doffed his hat, and placed his clocks upon the floor. There was a painful stillness in the meeting-house, which was broken by one of the clocks striking furiously. The peddler was in agony, but he hoped every minute the clock would stop. Instead of that it struck just four hundred and thirty times, by the actual count of every Friend in the meeting, for the best disciplined of them couldn't help numbering the strokes. Then up rose one of the Friends, at the end of the four hundred and thirtieth stroke, and said:—"Friend, as it is so very late, perhaps thee had better proceed on thy journey, or thee will not reach thy destination unless thee is as energetic as thy vehement time-keeper."

Old Style Courting.

There is not a country-bred man or woman now living but will tell you that life can offer nothing comparable with the innocent zest of that old style of courting that was done at singing school, in the starlight and candlelight of the first half of our century. There are few hearts so withered and old but they beat quicker sometimes when they hear, in old-fashioned churches, the wailing, sobbing, or exulting strains of "Bradstreet" or "China" or "Coronation," and the mind floats down on the current of these old melodies to that fresh young day of hopes and illusions—of voices that were sweet, no matter how false they sang—of nights that were rosy with dreams, no matter what Fahrenheit said—of girls that blushed without cause, and of lovers who talked for hours about everything but love!
—*Lippincott's Magazine for March.*

May Apple Pills.—Sugar-coated. Balsamic, Cathartic, Anti-bilious Family Pill. PRICE 50 CENTS PER BOX, OR $5 PER DOZEN.

The University Medicines

are not patent medicines, but the Favorite Prescriptions of the New York Medical University, an incorporated Institution of the State, and are prepared in consonance with the views of a number of distinguished living American practitioners, who believe that the time is come when educated physicians should arise and make a decisive effort to overthrow the health-destroying system of quackery prevailing in every town and city, and substitute scientific, responsible remedials—made in accordance with the principles of Medical Chemistry—in place of the worthless or dangerous patent Medicines flooding the country.

A knowledge of Medicine and Chemistry, as profound as that of any physicians that have ever lived, enables us to warrant these Compounds to be the most perfect Curatives for disease ever placed before the people. What may seem almost incredible is the astonishing rapidity with which they cure diseases hitherto considered incurable.

They are combined, with great care, from fine Chemicals, with a true knowledge of their therapeutic properties and physiological effects. Nothing cheap, impure, or poisonous, has been tolerated in their composition.

They are the finest prescriptions of a body of eminent American professors, and have been thoroughly tested in one of the most extensive and successful practices of the day.

The University Medicines

are to-day sweeping the country from Maine to Mexico, becoming the leading Health Restoratives, and rapidly superceding the old poisons, nostrums, and nauseous drugs, and their sale is becoming enormous. They are now regularly prescribed by over one thousand physicians.

No Forged Certificates Required.

No medicines ever originated have received so many genuine certificates of cures in so brief a space of time. We are daily receiving letters from every part of the country, from patients and physicians, recording the most astounding cures performed by these remedies. Many of these cases had been considered beyond the power of cure. We wish that we could publish these letters for the encouragement of the afflicted, but a book of 1,000 pages would not contain them.

From our Letter-Files.

In order to convince the skeptical, we this day publish the following opinions selected from many thousands voluntarily given by intelligent, respectable people who have used the UNIVERSITY MEDICINES themselves, or in their families, as a moral guarantee that these magnificent remedies are totally unlike the patent nostrums of the hour.

Also—Personally appeared before me, J. M. Scott, President; L. Hassert, Vice-President; John G. Howard, Treasurer; and George Powell, Secretary of the New York Medical University, and made oath upon the Holy Evangel of Almighty God, that the following are genuine, unsolicited extracts, taken from original letters being daily received at the Institution. WM. H. RIBLET, Notary Public,
Corner Ninth street and Fifth avenue, New York.

SURGEON GENERAL'S OFFICE,
WASHINGTON, March 10, 1869.
Professors—Please forward my second order for UNIVERSITY MEDICINES. I am pleased to say that I have found them of great service in the treatment of patients under my charge.
———, A. A. Surgeon, U. S. A.

160 CONGRESS ST., Portland, Me., May 1, 1870.
Professor Scott and Associates—The UNIVERSITY MEDICINES are rapidly revolutionizing the practice of medicine in Maine. * * * I have over five hundred patients. * * * Here, in Portland, I have taken away two-thirds of the doctors' patients. * * * I have nearly two hundred agents, and am establishing ten agencies a day. * * * I shall sell $100,000 worth of UNIVERSITY MEDICINES in Maine this year. * * * I am worn out with hard work. * * * I enclose you a number of certificates of great cures. * * * I will pay $1,000 if one of them can be found that is not genuine. * * *
P. STAPLES, State of Maine Agent.

MOBILE, Ala., May 5, 1870.
Gentlemen—Send us a full line of your goods by steamer as soon as possible, as we intend to make the sale of the UNIVERSITY MEDICINES a specialty, having more confidence in their curative properties than any medicines we have ever sold. In fact, we have the most unbounded belief in them, and always recommend them to our customers in preference to all others we have ever known. We have recently made some astonishing cures in Mobile of Scrofula, Catarrh, Kidney Diseases, etc., with your Cancer-Plant, Lithia, Specific, etc.
I. D. & H. G. GOULD,
Druggists, thirty-five years' standing.

From a distinguished member of Congress.
WASHINGTON, May 4, 1870.
My Dear Doctor—Your medicines seem to act favorably on the nerves, as well as the blood. * * * I am much improved. * * * My limbs are wonderful of medical science. * * * I have every faith in your medicine and skill. * * * I believe that you are enlightened of God to do a great work, and that you will do it. * * * You have done a great deal for me. * * * You understand your business. * * * You are the second physician whom I have confidence in. * * * I would not trust the blockheads down here to give physic to my horse. * * *

BLAIRSVILLE, Pa., April 18, 1870.
To Professor Scott—Enclosed please find sketch of the case of William Carson, of this place, aged 41—Disease, indurated scrofulous ulcer of the right leg, painful and gangrenous, of 25 years' standing. It had exhausted all the skill of numerous physicians during that time.
This terrible picture was his condition on the 1st of February, 1870.
By the use of the Cancer Plant Extract, Healing Blood-and-Bone Ointment, and May-Apple Pills, he is now entirely cured.
This case has attracted remark and amazement.—He being a poor man, and one turned out to die, the medicines were furnished at cost—$15.
Besides, your Five Minute Pain Curer and Neuralgo-Rheumatic Elixir have straightened his neck, drawn to an angle of 45 degrees.
I took him in hand, while all the doctors laughed at me, and considered it a good joke to attempt to cure this poor man; but, thank God, I have cured all his maladies, restored his strength, and made him a well person with the UNIVERSITY MEDICINES.
I think, Doctor, that God has inspired you to bring forth remedies for the cure of His afflicted children that nothing in the shape of medicines has yet approached. SAMUEL E. GREEN.

1,555 THIRD AVENUE, New York, June 23, 1870.
Professor Scott and Associates—It is truly gratifying to know that science has at length triumphed over quackery. I have been using the UNIVERSITY MEDICINES in my regular practice for some time with the most remarkable success. Disease of every character rapidly succumbs to their healthful influence. You are evidently destined to overthrow the old practice of medicine.
CHAS. K. DRAPER, M. D.

Dr. Scott, &c.—For years I have suffered with Cancer of the breast. What my sufferings were, tongue can never tell. In a dying condition, I came to you, and commenced using your Cancer Plant and Ointment. Almost immediately, all pain ceased.—The tumor has vanished, and through the providence of God, I am a well woman. In my deep gratitude, and from a sincere interest in the welfare of those similarly afflicted, I shall be pleased to answer all questions.
New York, Oct. 19, 1869. Mrs E. CAREY.

Three bottles of your Hydrated Oxymel cured me of Consumption, although our Bridgeport physicians said that I could not be cured.
GEORGE D. REYNOLDS.
Metallic Cartridge Company, Bridgeport, Conn., March 1, 1870.

Professor Scott—Through the recommendation of C. W. Huntingdon, Esq., of Hartford, who has successfully used your Lithia as a remedy for disease of the Kidneys and Liver, I am induced to order some.
Unionville, Conn., Jan. 1, 1870. L. M. MASON.

Dr. Scott—Three months ago, I was attacked with Heart Disease. Our family physician pronounced it Neuralgia of the heart, and prescribed medicine without benefit. I also ascertained that I was affected with that awful disease, Spermatorrhœa. I forthwith obtained your Ethereal Phosphorus, and after taking four bottles was completely restored. Afterward I had pain in my back, which your Lithia cured. My oldest boy had the skin disease—Herpes—and doctored five years without relief. I gave him two bottles of your Cancer Plant Extract, and, thank God, he is well. WASHINGTON TYSON.
Pottstown, Pa., Jan. 5, 1870.

Derby, Conn., Jan. 21, 1870.
Dr. Scott—I came to the conclusion that you were trying to cure people, which is more than most doctors do nowadays. I got a bottle of Lithia for my wife's kidney disease, which none could cure, and I found it helped her immediately. D. CAMP.

Towanda, Pa., April 17, 1870.
Dr. Scott—I have used your Extract of Cancer Plant for the blood, and pronounce it the chief of alteratives. A. N. NELSON.

165 North Main St., Providence, R. I.
Professors—Some of my friends and myself have tried the UNIVERSITY MEDICINES, and found them satisfactory beyond our expectations.

From the well-known eminent Dr. Buckler Jones:
Baltimore, Md., Oct. 17, 1869.
I have a lady under my care with Cancer in the left breast. I recommended her to use your remedies, and with the most marked benefit and decided improvement in every respect.
J. BUCKLER JONES, M. D.

Ashland, Pa., 1870.
Dear Sirs—I have prescribed your Hydrated Oxymel for Bronchitis, and the Yellow Jessamine for Heart Disease, with great benefit, and am convinced of their efficacy. DR. JOHN H. KENNEDY.

Newport, R. I., Jan. 14, 1870.
"Io Triumphe" should be the motto of your medicines. They have cured me after all our Newport physicians have failed. J. W. TILLSON.

78 Temple St., Hartford, Jan. 12, 1870.
Dr. Scott & Co.—Four bottles of your Ethereal Phosphorus have acted very strengthening to my system. R. KINZEL.

VERNON, Conn., May 4, 1870.
Doctors—I obtained eight bottles of your Ethereal Phosphorus for Spermatorrhœa. I am using it according to instructions, and feel a marked improvement. The lustre of my eyes has returned, and my whole countenance is brighter. It is slowly but surely curing me. Thanks to your wonderful medicine, it is helping me in many ways, etc., etc.
E. L. RISLEY.

FAIRPORT, Iowa, March 5, 1870.
Gentlemen—Your Katalpa Extract works magically. There is nothing equal. I have been afflicted with sick headache and liver complaint since last spring. Took three doses of your Headache Pills and can say they have cleaned my head out as clear as a bell. I gave the balance away, saying: "Gentlemen, be convinced—I am." Dr. McKENNA.

YARMOUTH, Me., May 9, 1870.
Doctor—My mother is taking your Cancer Plant for Dropsy. Two bottles have done her more good than three years' doctoring from the best physicians of this place. * * * I hope the Lord will continue to prosper you in the good work.
Mrs. SARAH A. WITTON.

58 MARKET ST., Pittsburgh, Pa., July 1, 1870.
Professor Scott—Although dispensing the UNIVERSITY MEDICINES but a short time, I am confident that where they are given a fair trial they will work wonders as curers of disease, and give general satisfaction. All the remedies are proving successful, and my practice is rapidly increasing.
J. M. YOUNG, M. D.

OFFICE BLANCHARD HAME CO.,
Palmer, Mass., May 4, 1870.
Professors—The University Medicines are effecting some remarkable cures here. Send me one dozen of Cancer Plant and Chemical Ointment.
A. B. CHAPMAN, Secretary.

PHILADELPHIA, June 23, 1870.
Professors—We have just been handed a bottle containing a piece of tapeworm, 13 feet 8 inches in length, which was brought away by the use of one bottle of Cancer Plant and the May-Apple Pills.
We also have just cured a lady of gravel of many years' standing, by using Lithia and Alkaline Resolvent. JOS. C. HARROLD.

I find the UNIVERSITY MEDICINES work like a charm in my practice.
W. WATERVILLE, Me. W. H. HOBS, M. D.

And thousands upon thousands of others. Can any other medicines show a similar record?

NEW 7-30 GOLD LOAN!

Safe! Profitable! Permanent!

JAY COOKE & CO.

Offer for Sale at Par and Accrued Interest the

First Mortgage Land Grant Gold Bonds
OF THE
Northern Pacific Railroad Co.

THESE bonds are secured, *first*, by a First Mortgage on the Railroad itself, its rolling-stock, and all equipments; *second*, by a First Mortgage on its entire Land Grant, being more than Twenty-Two Thousand Acres of Land to each mile of Road.
The Bonds are free from United States Tax; the Principal and Interest are payable in Gold—the Principal at the end of Thirty years, and the Interest Semi-annually, at the rate of SEVEN AND THREE-TENTHS PER CENT. per annum.
They are issued in denominations of $100, $500, $1,000, $5,000 and $10,000.
The Trustees under the Mortgage are Messrs. Jay Cooke, of Philadelphia, and Edgar Thomson, President of the Pennsylvania Central Railroad Company.
These Northern Pacific 7-30 Bonds will at all times before maturity, be received AT TEN PER CENT. PREMIUM (or 1.10), in exchange for the Company's lands at their lowest cash price.
In addition to their absolute safety, these Bonds yield an income larger, we believe, than any other first class security. Persons holding United States 5-20's can, by converting them into Northern Pacifics, increase their yearly income one-third and still have a perfectly reliable investment.
HOW TO GET THEM.—Your nearest Bank or Banker will supply these Bonds in any desired amount, and of any needed denomination. Persons wishing to exchange stocks or other bonds for these, can do so with any of our Agents, who will allow the highest current price for ALL MARKETABLE SECURITIES.
Those living in localities remote from Banks, may send money, or other bonds, directly to us by express, and we will send back Northern Pacific Bonds at our own risk, and without cost to the investor.—For further information, pamphlets, maps, etc., call on or address the undersigned, or any of the Banks or Bankers employed to sell this Loan.

Money Cannot Buy it!
For Sight is Priceless
BUT THE
DIAMOND SPECTACLES
WILL PRESERVE IT.
THE DIAMOND GLASSES,
MANUFACTURED BY
J. E. SPENCER & Co., N. Y.,
Which are now offered to the public, are pronounced by all the celebrated Opticians of the World to be the
MOST PERFECT,
Natural, Artificial help to the human eye ever known. They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name, "Diamond" on account of their hardness and brilliancy.
The Scientific Principle
On which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.
They are Mounted in the Finest Manner,
In frames of the best quality, of all materials used for that purpose.
Their Finish and Durability
CANNOT BE SURPASSED.
CAUTION.—None genuine unless bearing their trade mark stamped on every frame.
H. A. HEATH & CO.,
Jewelers and Opticians, are Sole Agents for
NEWPORT, R. I.
From whom they can only be obtained. These goods are not supplied to Pedlers, at any price.

MANHOOD: HOW LOST, HOW RESTORED

JUST PUBLISHED, a new edition of Dr. Culverwell's Celebrated Essay on the RADICAL CURE (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance.
Price, in a sealed envelope, only 6 cents.
The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
This Lecture should be in the hands of every youth and every man in the land.
Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents or two post stamps.
Also, Dr. Culverwell's "Marriage Guide," price 25 cents.

Carbolic Tablets,
Prepared by DR. WELLS,

The most important discovery of the age. Is this wonderful HEALING and CLEANSING agent for all diseases or weakness of the RESPIRATORY ORGANS, SORE THROAT, SUDDEN COLD, HOARSENESS, CATARRH, ASTHMA, DRYNESS of the THROAT, or WINDPIPE, DISEASE of the LUNGS and for all irritation of the mucous membrane.
All vocalists and public speakers who speak and sing without effort, use these Tablets, their effect in clearing the voice is simply astonishing as can be shown by numerous certificates.
DR. WELLS' CARBOLIC TABLETS act directly on the mucous membrane and should be promptly and freely taken in all exposure or violent change of weather, as they equalize the Circulation of the Blood and thus ward off all tendency to colds and Lung difficulty.
The proprietors would say, all first-class medicines have their imitations, and they would
CAUTION the public against imposition by having other medicines thrust upon them in place of these admirable Tablets.

"Buy me, and I'll do you Good."
Dr. Langley's
ROOT AND HERB BITTERS.

This medicine is, without the possibility of a doubt, the very best remedy known for the following and all kindred diseases: *Indigestion, Costiveness, Liver Complaint, Piles, Headache, Heartburn, Dyspepsia, Dizziness, Scrofula, Salt Rheum, Languor, Laziness, Debility, Jaundice, Flatulency, Foul Stomach, &c.*
By the timely use of this medicine the blood is purified. The appetite is restored. The system is strengthened. The liver is invigorated. The breath is sweetened. The complexion is beautiful. And the general health is
RESTORED.
The best Roots, Herbs and Barks enter into the composition of this Remedy, making it a simple and safe, as well as an unfailing cure for all diseases of the blood.
GEO. C. GOODWIN & CO., Boston. For sale by all Druggists. feb24-1t
